"TELL IT TO THE WORLD"

Says Texas Lady, in a Letter She Writes, Regarding Her Past Troubles

Wills Point, Texas.—In a letter from this place, Mrs. Victoria Stallings says: "Words are too feeble to express my gratitude for what Cardui, the woman's tonic, has done for me."

I believe I would have been dead had I not gotten relief from Cardui as I did.

I did not recover from my confinement as I should, so my mother advised me to take Cardui, and after taking half a bottle I was soon all right.

Before taking Cardui I had a dreadful cough and awful pains, but now I am strong and in better health than I ever was in my life.

I cannot say half enough in regard to my merits. You can tell the world what Cardui did for me. I advise all suffering ladies to try it."

Cardui has proven itself to be the ideal tonic for women.

It is composed wholly of perfectly harmless vegetable ingredients, which act specifically on the weakened womanly organs, helping to strengthen the muscles and nerves, and to build them up to health.

Cardui has been in successful use for more than half a century. Give Cardui a trial. It will help you.

HOUSE OF PAGET IS POPULAR IN AMERICA

Next Heir to Head of Great Estate Will Marry Chicago Woman.

BY LA MARQUE DE FONTENAY.
NORFOLK, Va., February 28.—The name of the House of Paget is more widely known in the United States, or has a greater number of associations and interests here, than that of Paget. It is therefore quite in keeping with the annals of his family that young Lord Victor Paget, brother and next heir of the enormously rich and bachelor Marquis of Anglesey, the head of the entire house, should select as a wife an American woman, who will be remembered as having been married from 1911 to the late Henry Guy Carleton, from whom she obtained a divorce. She is a native of Chicago, a daughter of the late Colonel Gordon A. May, of the Union army in the Civil War, and received her training for the stage in Chicago, and spent a number of years here in the playhouse productions and in vaudeville before going to England two years ago and joining the British Company in London, under her maiden name of Olive May.

Lord Victor was before the footlights for close upon twenty years, and having had already two husbands, she was considerably the senior of her present husband, who last fall was married in London to the ex-wife of the late Lord Victor Paget, now about to become her third husband, and who last fall was married in London to the ex-wife of the late Lord Victor Paget, now about to become her third husband, and who last fall was married in London to the ex-wife of the late Lord Victor Paget, now about to become her third husband.

Lord Victor will be obliged, according to the rules inaugurated by Lord Edward, to resign his commission as lieutenant in the Royal Horse Guards if he is to marry the Chicago woman. Lord Victor Paget, who has nothing but a military education, is a member of the House of Commons, and is a member of the House of Commons, and is a member of the House of Commons.

Lord Victor's sister, Lady Beatrice Herbert, and her husband, Lord Herbert, the future Earl of Pembroke, are now in this country, spending the winter at Coronado Beach, on the Pacific coast. Lord Victor Paget, who has nothing but a military education, is a member of the House of Commons, and is a member of the House of Commons, and is a member of the House of Commons.

STATE MAY BUY FORD HOTEL LOT

Committee Recommends Its Purchase From City at Cost and Interest.

NEED FIREPROOF BUILDING

Priced Documents in Library in Imminent Danger From Fire.

It was decided on yesterday morning by the special joint committee of the Senate and House, that it would recommend the purchase of half of the Ford Hotel block from the city of Richmond, for the purpose of erecting a public building. This would mean the State Library in fireproof quarters and would furnish offices for other departments.

The report which will be made to the Legislature, signed by Senators John H. Saunders and B. C. Folkes, and Delegates John S. Harwood, Hugh A. White and Alden Hall, is as follows: To the Senate and House of Delegates of Virginia:

The undersigned joint committee, acting under a resolution passed on February 15, 1912, respectfully begs leave to submit below a report upon the matters referred to it, together with a copy of the joint resolution adopted by the Legislature.

Your committee was required to report: "First, whether it will be judicious at this time for the State to acquire a lot upon which at some time in the near future an office building should be erected."

In response to this inquiry your committee would report that in its opinion it will be judicious for the State to acquire as soon as possible a lot upon which to erect an additional building or buildings to properly accommodate the several departments and agencies of the government.

In response to the second inquiry, as to the most convenient lot for the purpose and the price which it could be obtained, your committee would report: That after inquiry and investigation they find that a portion of the block on which Ford's Hotel is located is the most convenient and available piece of property that can now be acquired, and that at the present time they do not deem it necessary to acquire any other than this property.

Your committee submits herewith a plan of the Ford Hotel block with certain correspondence of the City Attorney of Richmond. This plan shows that the city of Richmond will sell the eastern half of this block, bounded by Capitol Street, Twelfth Street and Broad Street. While the City Attorney cannot give absolute assurance that the property can be bought, it seems quite certain that half of this property may be bought at just what it cost the city of Richmond, with interest. The price would be one-half of \$168,556, with interest from about April 1, 1911. The price will, therefore, be \$84,278, with interest as above mentioned.

In response to the third inquiry, as to the method for which said property should be purchased, your committee respectfully begs leave to report that there is one pressing need which should be provided for at the earliest date possible, and that is a modern fireproof building for the State Library and the library of the Court of Appeals, which should also include rooms for the use of the Court of Appeals. The State Library has already outgrown the capacity for even storing without arrangement much of its most valuable material. The priceless treasures of the State Library of Virginia are to-day at the mercy of the flames, should any fire in the present building occur. The building is neither fireproof nor is it supplied with fireproof furniture and cases for the books and manuscripts. It is believed that the State Library of Virginia is the most valuable in the United States, except the Congressional Library, and a great deal of the material in the State Library could never be replaced at any cost. In view of these facts, your committee begs leave to report that so much of the Ford's Hotel block acquired by the State, as may be necessary for the purpose, should be set apart for a fireproof library, and that the remainder should be utilized for office buildings for the departments and agencies of the State.

And your committee respectfully recommends that such legislation be promptly enacted to carry into effect this report.

GOSS IS HELD WITHOUT RAIL

Charged With Being Implicated in Deaths of Three Men at Raleigh.

(Special to The Times-Dispatch.)
Raleigh, N. C., February 28.—The coroner's jury held F. W. Goss, of Durham, to-day without bail for the March term of Wake court, on the charge of being implicated in the alleged murder and robbery of the three Benson young men, Johnson, Johnson and Porter, in the Wilson Apartments on February 5. The finding of the jury is that the men came to their deaths of asphyxiation through foul play. The fact that the watch, purse, pictures and revolver of at least one of those carried by the Benson men, have been traced to Goss caused his detention as a suspect.

This afternoon Maynard Mosley was committed to jail by Coroner Sparks in default of \$1,000 bond and as an important witness in the case.

Connor as secretary, the other members being Major H. A. London, Pittsboro; Colonel W. H. S. Burgwyn, Weldon; Colonel J. Bryan Gilmes, Raleigh; Mrs. F. M. Williams, Secon. The committee expects to proceed with the least possible delay to select the artist and the design for the monument. It is to consist of a typical North Carolina woman of the sixties on a pedestal that shall depict the story of the contributions of the Southern women to the cause of the Confederacy. The monument is to cost \$10,000, is the gift of Colonel Ashley Horne to the State, and is to be given a place in Capital Square directly opposite the main entrance to the quarter-million dollar State administration building that is being erected. Colonel Horne being the chairman of the building commission.

On March 8 there will be a new company of Coast Artillery mustered into the North Carolina National Guard, at Hendersonville, by Adjutant L. M. Doan, of High Point, adjutant of the Coast Artillery Corps. P. B. Ladd is to be the captain of the new company.

The Seaboard Air Line has found it necessary to place a new freight car here for storing and delivering this class of freight, with a special clerk in charge.
